Turned onto Kent Rd from Pursow proceeding west... there was a car to my right traveling at the same speed. A vehicle rapidly pulled out of the Huntington Park lot in front of both my vehicle & the one to my right. The other car involved in the accident was turning left (eastbound) on Kent Rd. Driver of other car turning left was in my lane perpendicular to my west bound direction. The distance between our vehicles I estimate to be less than 6 feet. I immediately spied the brakes attempting to avoid collision

~~I wanted to turn left from the plaza drive and I~~
 waited a little bit because of how busy it was. Then I saw just two cars that were on-coming ~~on~~ on the right side of the road in the far right lane - both of which had turned their right turn signal on and had significantly slowed down. I pulled out thinking it was clear and safe to make that left turn. That is when I saw ~~the~~ the car I hit pull quickly next ~~to the other cars I previously mentioned turning.~~ to the other cars I previously mentioned turning that were Then I was hit.

By the time I saw him it was too late
 The other cars were a blind spot for me to see him
