DESCRIBE WHAT HAPPENED

Unit 1 stated she parked her car in front of 4030 Wyndham Ridge on 2-15-20 at approximately 1928 hours. The next day, 2-16-20 at approximately 1330 hours, she observed fresh damage to her car. I observed the scraping and indentations along the rear and middle of the driver-side of Unit 1 do appear to have occurred there (scraping lineation on the tire match up with body scraping, indicating Unit 1 had not been moved since the damage occurred). It is likely Unit 2 pulled forward into the yellow striped no-parking zone next to Unit 1 and the front passenger-side of Unit 2 (unknown) struck the driver-side of Unit 1.
