I was in the RIGHT hand lane of RT 8 South bound in heavy traffic when the white SUV pulled into my lane - coming from on an on ramp (not sure what Road that is) she did not have turn signal on and I did not see her until she pulled into my lane abruptly causing her vehicle's rear end to clip my front end. (Left A)

We both came to a stop & agreed to get off at the next exit as to avoid more accidents and not to impede traffic flow.

The road was clean & dry, visibility good. It was not dark yet, but I had my headlights on - I don't believe there were

on March 24, 2021 at about 7:45pm while I was driving SR-9 South heading toward Akron a lady driving a sedan with license plate EY 40BL hit me from the rear, while on the freeway. I had previously merged on the freeway in a construction zone at Seasons with full clearance and used my blinker to merge. After I was on the freeway for a period of time it appeared in my rear view mirror the lady was speeding up or not paying attention and struck me from behind. I called 911 and they advised us to move to a safer space at the nearest exit on Graham road as it was a one way with no space on the side of the road to pull over.
