DESCRIBE WHAT HAPPENED
Unit #1 was northbound in the drive thru line at Circle K/
Dunkin Donuts driving a Uhaul. The height of the Uhaul was
higher than the awning over the drive thru and Unit #1 struck
it as a result causing damage to the aluminum and plastic
pieces.
Unit #1's driver believed he could simply fix this with a pair
of pliers. It appeared these pieces would need to be replaced
by a professional contractor. A relative of Unit #1's driver stated
she would email me insurance information for the vehicle/driver. As of the
end of shift, she had not forwarded this.
