I was stopped at the red light and I thought the light changed so I went through the intersection and a car coming from my right hit my car. We both got out to look at the cars and I had to ask if my light was green. I was not on my phone or distracted. I was the first car in line stopped at the light.

I had my seat belt on going 35-40 and was going on my way home through a light that turned green, saw a car still going so I tried to slow down but another car hit me. Then I was just to the side of the road. felt like I just woke up.
