I had backed out of a parking space in front of unit
 and while waiting for pedestrians to cross in front of me another
 driver was backing out of their space from roughly my
 7 o'clock position. After the pedestrians had crossed I continued
 forward which was when I heard the bump. We got out to
 check damage then returned to our parking spaces

LOCATION

My fiancé, Vince Casamento, was driving the car. We had been waiting for two pedestrians to cross in front of us when the Chevy began to back out of her parking spot. Our car had just started moving forward when the Chevy backed into us. We were facing the Old Navy and she was trying to back out to also face the Old Navy. Her parking spot was behind where we were.

OFFICER'S NAME LOCATION

I was parked in front of Kay Jewelers and pulled out of my parking space. There was a car in the lane behind where I was parked about two car lengths ahead that either pulled out of his parking space at the same time or was moving forward towards the Carter's store. And I bumped his car with my driver's rear bumper. I thought that car was moving forward towards the store.
