I was making a right turn from the parking lot at the Cross roads at fish creek into Graham road, so I again make a left turn. I watched out for the traffic on the left side traffic because the traffic going straight gave me enough space. ~~As I was~~ As I was about to complete the right turn, a collision happened between myself and a KIA ~~with~~ vehicle that was also driving to make a left turn.

We were on the road that leads out of PNC Bank trying to turn left to Graham Road. The driver stops since cars were coming and yield to them; however, when trying to reach the road a car showed up so the car I was coming ended up hitting it at its right front side and ours left-front one. The other car's driver called the police and we waited to the officer to give us instructions.

I was driving west on Graham Rd, approaching the intersection of Fishcreek Rd. The right 2 lanes had traffic extending to the entrance of the left turn lane. I entered the left turn lane. The light was green with a green left turn arrow for westbound Graham Rd. As I was in the left turn lane I was struck on my front passenger side by the white Toyota Camry as it exited the Crossroads at Fishcreek Plaza. I did not see this car until I had my front bumper past the cars on the middle and right lanes. The white Camry had pulled out in front of 2 stopped cars entering my lane and struck my car. When we pulled off the road, the driver told me he could not see past the cars to see traffic coming down the left turn lane, but he decided to go anyway.

I was in the car and he (driver) didn't put any signal right or left. Then when there is space on the left lane, he went to straight. And we didn't realize a car is coming and he got hit her car. I ~~do~~ have no idea what he was trying to do but I think he didn't know it's illegal (I mean not legal) to go to straight.
