I was rolling up to a red light behind vehicles. When I was just fully stopping, at Graham Rd/Gilbert Rd light, I saw in my rearview mirror that a Kia was coming at me extremely fast - I had no reaction time. I was struck from behind with much force, causing my car to jump forward very close to other cars. I hit my brakes fast enough to avoid hitting them. This caused my convertible to be unfixable as the trunk and motors for the convertible top got struck with so much force and it is now all lifted. My back and neck are super stiff and sore but I do not need a medic. I then called my dad for help and that's when the super nice officer arrived and helped.

Pt. A. Williams #768 OFFICER'S NAME AT Graham Rd. @ Gilbert Rd. LOCATION

I was travelling to drop my sister in her office at 8:40 AM as I have been driving in the speed of 30 - 35 mph. and I hope that I was going slow and in front there are signal. as when I was far from they are red and turning green and I thought there should be no use to decrease speed and so I thought the girl in front of me will be going ahead and some of the guys in the moved slowly so she can't able to start and go so I applied breaks as soon as possible but the damage was done. I was very happy nothing to the people inside car and I hope it's my default as soon I need to apply breaks a little early so I hope it wasn't a major one and it's minor thing. That's all the thing that happened here.
