I was preparing to turn ^{left} into the Kent State airport at the Kent Rd/Kauffman intersection, from the right hand lane because I was unsure whether or not it was closed (I assume it was closed.) Just as I accelerated from the stop to make the left turn, a Hyundai Sonata in the possibly closed left lane was in my turn's path and we bent fenders. No one was hurt.

Heading westbound. Started in right lane due to construction on the road, but when left lane opened up, I got over and started driving. AS I started to drive, the other driver started turning and I hit the brakes as hard as I could, but there wasn't enough time to stop before I got hit. Driver drove into my car and hit my passenger side right by front bumper and by passenger door.
